The last 15th June in Brussels was held the **General Assembly** of the **Eris@ Network**, called - among other things-to renew the main **administrative bodies**, including the **Board of Directors** and its **President** for the next mandate.

During the work, the Dr. **Augustino Sciascia**, President of the **Regional Scientific and Technical Committee for Information Technology and Communication**, was elected **board member** of the Network on behalf of the **Abruzzo Region** (only Italian region).

This is the complete list of the regions chosen to representing **7 countries**:

- 1) **Malopolska** (Poland)
- 2) **Blekinge** (Sweden)
- 3) **Nord Karelia** (Finland)
- 4) **Brandenburg** (Germany)
- 5) **Abruzzo** (Italy)
- 6) **Istria** (Croatia)
- 7) **Basque Country** (Spain)

The **Presidency** of the Board is taken by the Region of **Extremadura** (Spain) - David Rodriguez Carmona.

Recall that the **eris@** Network is committed to improving the quality of life of citizens, the competitiveness and bureaucratic efficiency through the use of technologies of the **Information Society** and **Communication**.

The regions that comprise it, including Abruzzo, representing more than 30% of the European population.
